This action approves the following to become effective Fall 1992:
Option in Economics with International Studies*

¹Economics courses including Economics 2801, 2802, 3860, 3971 (3991) (or Mathematics 3701** or Computer and Operations Management 2810), 3972 (3992) (or Mathematics 3702**), 4801, 4802, and excluding 3810 and 2800C.....33 sem. hrs.

²Mathematics 2110C or 1441C**.....3 or 5 sem. hrs.

Mathematics 2120C or 2550**..... 3 sem. hrs.

Accounting 2100, 2150..... 6 sem. hrs.

Management 3010 and 4920 or FIN 3710, 3730 and 4820...6-9 sem. hrs.

³History 1400, 2300, 2400, 3000, 3005, 3110, 3250, 3260, 3300, 3350, 3450, 3800, 4820, PLS 2253C, 3203, 3223, 3303, 3323, 3343, 3363, 3373, 3383, 3750, 4821, 4822, 4823, 4933..... 9 sem. hrs.

Proficiency at the intermediate level of a Foreign Language or completion of courses in Foreign Language to include French 2202, German 2202, or Spanish 2202.....0-14 sem. hrs.

TOTAL.....60-79 sem. hrs.

- * It is strongly recommended that students complete Math 2110C (or 1441C) and 2120C (or 2550) before enrolling in Economics courses numbered 4750 and above.
- ** These courses are recommended for those students who wish to enter Ph.D. programs in Economics. It is also strongly recommended that prospective Ph.D. students complete the entire calculus sequence by following Math 1441C with Math 2442 and 2443 which are prerequisites for Math 3701 and 3702.

¹Substitution of Management or Mathematics courses for ECN 3971 and/or 3972 does not reduce the 33 semester hours required in Economics courses.

²On the basis of the appropriate Eastern Illinois University Mathematics Placement Examination, a student may also be required to take MAT 1270 and/or 1271.

³No more than 6 semester hours may be counted from either History or Political Science.

- XI. Report of the Subcommittee on Provisional Admission, (92-36).
 The Council discussed the proposal.

Note: Ms. Krueger left at this point in the meeting.

Discussion of this agenda item continued. The motion passed, as amended, with a vote as follows:

Yes: Ms. Motley, Dr. McAlister, Dr. Monippallil, Dr. Shank, Dr.
 Shonk, Mr. Stover.
 No: Dr. Baumgardner, Dr. Gholson.
 Abstain: Dr. Hawker, Dr. Sutton.

This action approves the following to become effective Fall 1993:

The committee recommends that the attached policy statement on provisional admission be accepted by CAA to become effective as of Fall 1993. In addition, the committee recommends that the maximum number of deficiencies allowed, six, continue through the 1993-94 academic year; but suggests that CAA consider reducing the number by Fall '94.

The committee also proposes that we enlarge the elective category of high school course requirements. The present statement, "2 yrs of foreign language, music, vocational educational or art," would be changed to "2 yrs of academic electives or vocational electives."

The following is the attached policy referred to above:

EASTERN ILLINOIS UNIVERSITY

Provisional Admission Policy

First-time freshmen applicants and transfer applicants with fewer than 30 semester hours of acceptable credit, who meet all criteria for admission except high school course-specific requirements, will be admitted on a provisional basis, provided that a student has no more than six such deficiencies.

The courses in which provisionally admitted students enroll must include courses in the high school subject areas in which course-specific requirements were not met. One three-hour college course is considered to be the equivalent of one year of high school work in a subject area. To remove provisional status in English, Science and/or Social Studies, students must complete at least three semester hours of coursework with a grade of "C" or better for each year or fractional year of deficiency in a subject area. (Proficiency examination credit in accordance with University policy also is acceptable). Courses used for this purpose must be selected from the approved list of courses.

Transfer students admitted on provisional bases will be considered to have removed a deficiency if they received a grade of "C" or better in transfer work equivalent to at least three semester hours, or four quarter hours, for each year or fractional year of deficiency in a subject area. Credit for coursework used to make up high school subject

area deficiencies shall not be used to meet Integrated Core requirements; such credit may, however, be counted towards requirements for a major and toward graduation where applicable. Provisionally admitted students are expected to remove deficiencies by the end of the grading period in which they complete forty-four semester hours.

Students who graduated from high school, or obtained a High School Equivalency Certificate through the General Education Development (GED) Test, five or more years prior to entering the University, are exempt from course-specific admission requirements. Students who graduated from high school or obtained a High School Equivalency Certificate less than five years prior to entering the University must meet the course-specific admission requirements.

Dr. Shank moved and Dr. Baumgardner seconded the motion that for freshmen entering in Fall 1992, the deficiency in Mathematics will be removed, using the Mathematics courses that are currently in use for that purpose. Dr. Shonk moved and Mr. Stover seconded the motion to suspend CAA Bylaws and vote on this item. The motion to suspend the rules passed unanimously. The motion regarding the deficiency in Mathematics passed unanimously.
